

## **QPS EVALUATION SERVICES INC.**

### **Hazardous Locations Certification Engineer/Lab Technologist**

QPS Evaluation Services Inc. is an accredited Third-Party Testing and Certification Laboratory in Canada and also a NRTL (Nationally Recognized Testing Body) for the USA. QPS is headquartered in Toronto, Ontario, where our main state of the art testing laboratory is located. We have engineering service centres in various locations across the USA, Canada, and Europe.

We employ only the finest engineering, technical and support staff with the highest level of expertise and the best customer service attitude.

We are currently expanding our Hazardous Locations Certification and Testing Services and are looking for a Senior Engineer/Technologist, to join our growing team of technical Haz Loc experts in product testing and evaluation to CSA, UL and International standards. QPS provides a comprehensive training program and technical support for all Engineers/Technologists.

This current position is for our Toronto location.

The successful candidate will be assigned to work with our team of qualified Hazardous Locations staff. Experience in Hazardous Locations Certification/Testing would be an asset but not mandatory.

We offer a very competitive salary and an excellent health benefits program.

#### **Qualifications:**

To qualify for this position, you must be either an Electrical Engineer or a Certified Electronic Technologist with minimum 3 years of hands on experience in Certification and/or Testing of Hazardous Location products. This position also involves possible local and international travel. Therefore, you must have a valid driver's license and a valid passport.

*QPS supports the Accessibility for Ontarians with Disabilities Act (AODA) and the Human Rights Code in our recruitment process. Upon request, any assessment and selection materials or processes used during the recruitment process will be available in a format accessible to applicants with disabilities. If contacted for an interview, please advise our Human Resource Department if you require any disability-related accommodation.*
